

Material Safety Data Sheet (SDS)

Product Name: moodwall

Manufacturer: Rampart Partitions Inc.

Address: 1305 rue Industrielle, La Prairie, QC, J5R 2E4

Emergency Phone Number: 1-800-724-6600

Date of Issue: August 1, 2024

1. Identification

Product Name: moodwall P1, P2, P3, P4, P5

Product Use: Interior partition wall system

Type: Glass panels with metal framing and hardware

2. Hazard Identification

Classification: Not classified as hazardous according to OSHA regulations (29 CFR 1910.1200).

Label Elements:

- Hazard Symbol: None
- Signal Word: None
- Hazard Statements: No specific hazards associated with the product itself.
- Precautionary Statements: Handle with care to avoid breakage.

3. Composition/Information on Ingredients

Components:

- Glass Panels: 100% Glass (SiO_2)
- Framing and Hardware: Various metals (aluminum, steel) and plastic components
- Seals and Gaskets: Rubber and synthetic materials

Note: The exact composition of components is proprietary.

4. First Aid Measures

Inhalation: Not applicable under normal use. If dust is generated, move to fresh air.
Seek medical attention if symptoms persist.

Skin Contact: Wash with soap and water if any dust or debris comes into contact with the skin.

Eye Contact: Rinse eyes with plenty of water if glass shards or dust gets into eyes.
Seek medical attention if irritation persists.

Ingestion: Not applicable. Do not ingest any components.

5. Fire-Fighting Measures

Suitable Extinguishing Media: Not applicable. The product itself is not flammable.

Specific Hazards: During a fire, metal components may emit smoke or fumes. Use appropriate fire-fighting measures for surrounding materials.

Protective Equipment: Wear self-contained breathing apparatus (SCBA) and protective clothing if fighting a fire in the vicinity.

6. Accidental Release Measures

Personal Precautions: Wear appropriate personal protective equipment (PPE) such as gloves, safety glasses, steel toe boots.

Methods for Containment and Cleanup: Pick up broken glass carefully and place in a suitable container for disposal. Avoid creating dust. Clean up any metal or hardware debris.

Environmental Precautions: Prevent glass shards and metal debris from entering waterways or drainage systems.

7. Handling and Storage

Handling: Handle with care to prevent breakage. Use appropriate lifting techniques and equipment to avoid injury.

Storage: Store in a dry, cool place. Keep away from edges and high-traffic areas to prevent accidental breakage.

Incompatibilities: None known.

8. Exposure Controls/Personal Protection

Occupational Exposure Limits: Not applicable.

Engineering Controls: Ensure adequate ventilation in areas where cutting or handling glass is performed.

Personal Protective Equipment:

- Eye Protection: Safety glasses or goggles recommended when handling or cutting.
- Hand Protection: Protective gloves to prevent cuts from broken glass.
- Respiratory Protection: Not required under normal conditions. Use a dust mask if generating dust.

9. Physical and Chemical Properties

Appearance: Transparent glass panels with metal framing

Odor: Odorless

pH: Not applicable

Melting Point: Glass melting point typically > 600°C (1112°F)

Boiling Point: Not applicable

Flash Point: Not applicable

Specific Gravity: Approximately 2.5 for glass

Solubility: Insoluble in water

10. Stability and Reactivity

Reactivity: Not reactive under normal conditions.

Chemical Stability: Stable under normal conditions.

Conditions to Avoid: Excessive impact or stress that may cause breakage.

Incompatible Materials: None known.

Hazardous Decomposition Products: None under normal conditions. In case of fire, refer to Section 5.

11. Toxicological Information

Acute Toxicity: Not toxic under normal use conditions.

Chronic Effects: Prolonged exposure to dust may cause respiratory irritation.

Carcinogenicity: Not classified as a carcinogen.

12. Ecological Information

Ecotoxicity: Not classified as harmful to the environment.

Persistence and Degradability: Glass and metals are not biodegradable.

Bioaccumulative Potential: Not applicable.

Mobility in Soil: Not applicable.

13. Disposal Considerations

Waste Treatment Methods: Dispose of in accordance with local, state, and federal regulations. Glass and metal components can be recycled.

Container Disposal: Ensure containers are emptied and disposed of properly.

14. Transport Information

UN Number: Not regulated

Proper Shipping Name: Not regulated

Transport Hazard Class: Not regulated

Packaging Group: Not regulated

Environmental Hazards: None

15. Regulatory Information

OSHA Status: Not classified as hazardous

EPA Regulations: Not subject to EPA hazardous waste regulations

State Regulations: Comply with local regulations regarding handling and disposal.

16. Other Information

Preparation Date: August 1, 2024

Disclaimer: The information provided in this SDS is based on the knowledge available at the time of publication. It is intended to be a guide for safe handling and use. The manufacturer assumes no liability for any loss or damage arising from the use of this product.
